Country Store Catering

The folks at The Country Store have been dedicated to selling the highest quality products available since 1905. With a kind and courteous manner, we have passed on the tradition of great food and excellent service year after year. The Country Store in Pennsdale would now like to bring that same attention to detail and superior quality to your next catered corporate occasion, family get-together, or that once - in - a - lifetime gala event. We thank you for your patronage throughout the years, and we look forward to serving you in the years to come. Country Store Catering can handle any function large or small. Remember, Country Store Catering can do as little or as much as you would like. Here are a few of the services we offer.

Pick-Up: Country Store Catering can either have you pick your food up Hot or Cold (We call this Heat and Eat, where we will prepare the food with cooking instructions and you will finish the heating process before your function.) When food is being picked up, Country Store can provide Insulated Carriers, but a refundable deposit is required (\$50.00) so the container is returned in good condition. This option is of course the most cost effective, while saving yourself valuable time, and also ensuring your guests are being served great food.

Drop-Off: Country Store Catering can also drop food off. Great for Party Platters, Hoggy and Deli Sandwich Trays, Cold Cut Platters, and Country Store's Famous Bologna and Cheese Platters. Depending on size of event and where it is located there could be a delivery fee. Also for events requiring more than one trip, additional service fees may apply.

Drop-Off and Set-Up: This option is exactly the same as the the Drop Off, except we bring service staff to set up the buffet and any other items for you. Best used when a Hot Buffet is ordered so you do not have to worry about the setup of the Chaffers, Serviceware, etc. Setup Fees again are based on the size of the function and distance to travel. All Fees are based on drop off and set-up, and the service- ware returned by the client in favorable condition. Pick-up of items is available for additional fees.

On Site Full Service: Country Store Catering will come on-site, and fully handle the set-up, service, and tear down of your function. Worry free, Country Store will insure that your function goes off without a hitch. Service Fees apply on an hourly fee per service staff basis. Ask how Country Store Catering can service your next function.

Thank you for taking the time to check into our catering services, if there are any questions, feel free to contact Tom Springman at 570-546-7675 or 800-313-4267. Country Store will be happy to help plan and cater your next event. Please be advised products and prices in this menu are subject to change. Please note Country Store Catering can prepare for you any food item you may prefer. If you do not find what you are looking for please let us know and we will advise accordingly.

Thanks again,
Tom Springman II
